ADVERTISEMENT.

WHEREVER more than one of any surname occurs, as in *Brown, Smith, Williams, &c.* they are placed in the following Manner: First, such as are in Partnership, and then the others according to the Alphabetical Order of their Christian Names, or if more than One of the same Christian Name, according to their Trades: this is observed throughout in the most strict Manner possible; and it is the only Work of the Kind ranged exactly. The Courts, Alleys, Streets, &c. of little Note are generally described by their Situation near some well-known Street or Place.

As this Pamphlet already contains above Nine Thousand Names, and is more in quantity than any other of the same price, printed in Great Britain, the Publisher hopes that will be admitted as a sufficient apology for not following such advice for the improvement of the work as would encrease its bulk; as well as a satisfactory reason why some Trades and Professions are not displayed so amply as desired.
